

Real Estate Fund

Real Estate Brokers and Agents may now file a claim with the GCCF for losses sustained as a result of the Oil Spill. If you submitted a claim to one of the state Real Estate Recovery Funds relating to the Oil Spill, the GCCF has received that information from each of the state Funds.

Materials, including a summary of options available and sample claim forms have been mailed to each individual whose name and documentation was provided by one of the state Real Estate Recovery Funds. If you received a payment from one of the state Real Estate Recovery Funds, the GCCF will treat you as if you had received an Emergency Advance Payment from the GCCF and you will have all rights accorded to claimants paid an Emergency Advance Payment as described in these materials. You should review all the enclosed materials carefully.
